TOGETHER, WE CAN MAKE A DIFFERENCE AMONG THE NATIONS.
AIMS IS A NON-PROFIT ORGANIZATION
ON MISSION TO GET THE MESSAGE OF JESUS TO THOSE WHO HAVE NO ACCESS.
42% of the world is un/reached.
They have no pastor, no missionary, and no bible. We want to change that.

Most believers feel the pull to make a difference in the world...to care about those who have never heard the gospel...to do something that matters among the nations...but it can feel so daunting to know where to begin.

AIMS can help. We are passionate about connecting individuals and churches with strategies to bring the gospel to un/reached people groups.

This year, God provided $1.28 million to serve thousands of the un/reached people in 39 different countries.

While that’s incredible, we’re not done yet. There are still 7,398 un/reached ethnic groups representing almost half of the world’s population who deserve to hear the life-changing message of Jesus Christ.

We won’t stop until they have access.

UPG ADOPTION

This year, hundreds of difference-makers made the commitment to adopt an un reached people group.

THE RESULT
337 native missionaries sent to preach the gospel and plant churches among ethnic groups who have never had access to the message of Jesus.

ADOPTION HIGHLIGHT
When Sarah adopted a Muslim people group in Pakistan named the *Chun, she believed that her prayers and finances could make a difference. But she never imagined how thrilling it would feel to receive a report from the native missionary about his progress. He wrote: “It’s a miracle to share the gospel among the Chun. This is the first time they’ve ever spoken the name of Jesus. So far, my team and I have preached the gospel to 65 *Chun people and 10 of them have accepted Jesus! Keep praying for our safety.”

HOLISTIC SUSTAINABILITY PROJECTS

We work with local leaders to develop projects that transform societies and sustain kingdom work among UPGs.

When you fund agricultural projects and small business opportunities among unreached people groups, you are helping to generate financial sustainability for native missions movements. Click here to learn more.

This year, partners of AIMS funded 28 projects.
Combine harvester, catfish farm, goat rearing, swine farm, dairy farm, sewing, cane rat farm, cow rearing, chicken farm, car wash, clothing and shoe business, agricultural development.

Holistic Highlight
This combine harvester in East Africa will fund 12 native missionaries working among unreached African tribes.
Together in 2021, God worked through each of us to make a big difference among the nations.

Through the generosity of our partners, we sent more missionaries to preach the gospel to more individuals from unreached people groups, resulting in more salvations, baptisms, and churches planted than ever before.

But we’re not letting up.

Until the day when we gather with multitudes from every nation, tribe, and language around the throne of heaven, we will carry out God’s mission to take the message of Jesus to those who have no access.
